

Gems of the World Vacations and Classy Ladies Getaway Adventure to the Oregon Coast

Dates: April 20-23, 2018

Cape Kiwanda to Newport

Do you love the Oregon Coast? Have you experienced its Hidden Gems? Join us for a special Coastal experience!

Cape Kiwanda

Steven has been tide-pooling here for decades. At low tide, especially low on this day, explore the tide pools and resident marine life such as anemones, sea stars, marine snails, and small fish at Cape Kiwanda (a Hidden Gem of the Oregon Coast).

We travel on to Lincoln City and the Chinook Winds Casino for lunch and time gaming or perhaps enjoy a show. After lunch and relaxation, we continue to Newport for two nights at the Elizabeth Inn (pictured-left). Enjoy the fine restaurants and resident sea lions along the Bayfront. In the morning, we can explore the best managed tide pools on the Oregon Coast, at Yaquina Head (pictured-right) Outstanding Natural Area. In the afternoon we can enjoy a local aquarium, or some shopping, resting and the sea breezes. Dinner again at a local hideaway, and an evening at a local theater/concert in the area. Heading for home Monday April 23, 2018. Hosted by Steven Kay and Cindy Passannante.

Starting at \$540, including 3 breakfasts, 2 dinners, and admission to Yaquina Head Outstanding Natural Area.

– Enjoy a lovely drive to Pacific City to begin the experience of a lovely and unique weekend exploring this area of the Oregon Coast. We spend the first night beach front at the Inn at Cape Kiwanda to enjoy the sunset and dinner at a local hide-away. The next morning, let's meet with Steven.
